TIME TO
#IMPRESS!

T-SHIRTS

Freedom to express.

The tee is the absolute classic among the basics. It has become the most popular advertising medium in the world. While it began life as a men's undershirt, it has long since become a true symbol of casual fashion that knows no boundaries. Its style comes with a wide range of variations. Simple colours combined with excellent designs, comfortably wide or carefully tailored, it appeals every taste.

For the best print results.

Our 3 threads story.

Our molton fabric used in many of our sweat items is a wonderful example of the frequently-mentioned special quality of our products.

What is really special about it, though, is the number three. For unlike standard fabrics, which is knitted with two threads of a normal thickness, ours is knitted with three finer threads. Products made from this high-quality cotton fabric feel cooler, afford better thermophysiological properties and are easier to print on due to their finer texture. These are strengths that everyone can feel on their skin and see with their own eyes.

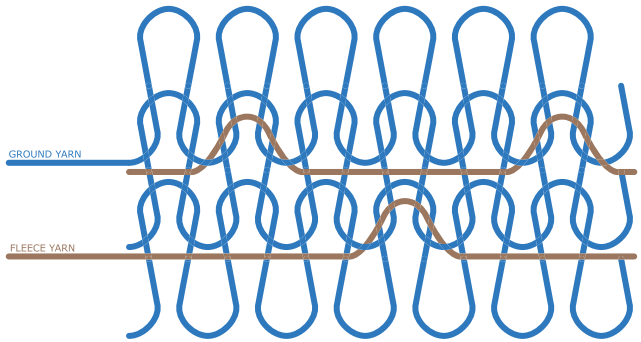

promodoro 3thread molton 320 g/m²

· 100 % cotton
· Excellent thermophysiological properties
· fine yarn
· heavy 320 g/m²
· excellent printability

Other 2thread molton 280 g/m²

· mainly mixed fabric
· average thermal effect
· regular yarn
· lighter 280 g/m²
· normal printability
